**TOTAL COMMUNITY
INVESTMENT \$1,185,100,000**

*Volumes and dollar amounts are approximate

Every year, we take care of thousands of patients and families across northern Indiana and northwestern Ohio. From primary care to more than 35 medical specialties, as well as acute care and specialty hospitals, urgent care clinics and ongoing clinical research, our commitment to our patients is unwavering. We also contribute significantly to the economic health of the community – employing thousands of people, paying taxes and donating to charities. We're firmly committed to delivering better healthcare to our patients – and we're just as committed to helping our communities grow and prosper.
