## A commitment to caring

Lutheran Health Network is committed to enriching the communities we live, work and play in every day. We invest in innovative technology, extensive renovations and major expansions to continuously improve patient care. We contribute millions of dollars as a taxpaying healthcare provider and a major employer. We partner with area organizations and initiatives to positively impact community health and wellness. We even provide oversight for healthcare-related research to community groups and local universities at no charge.

We're proud to be an integral part of the community, invested in delivering life-changing care and supporting the local economy.

### LUTHERAN HEALTH NETWORK'S IMPACT IN 2016

<b>&gt;\$17M</b>	Total local taxes paid: \$17.7 million

<b>&gt;942K</b>	Patient visits to our physician offices and clinics: 942,796
<b>&gt;\$11M</b>	Community sponsorships and partnerships: \$11.8 million
<b>&gt;\$100M</b>	More than \$100 million in investments to enhance patient care, health services and Lutheran facilities are currently planned for 2017.

# Lutheran Health Network

## Improving lives.

**EVERY DAY.**

**Lutheran Health Network offers life-changing care that helps residents of northeastern Indiana live well.**

We invest in our employees and in the technology that helps make innovation possible. Throughout 2016, Lutheran Health Network had an economic impact that saw **more than half a billion dollars** flowing directly into the communities we serve.

## Working better.

**EVERY DAY.**

**Lutheran Health Network helps enrich our communities through contributed tax dollars.**

In 2016 alone, we paid **over \$17 million** in local taxes—funds that were allocated by elected officials. As a result, these funds had a direct impact on the public projects and the shared spaces we all enjoy, like better parks and smoother roads. This region is a great place to work, and getting better every day.

## Playing harder.

**EVERY DAY.**

**Lutheran Health Network partners with organizations and initiatives that share our commitment to health and wellness.**

We want our high level of care and enthusiasm to be felt far outside of our walls. In 2016, we contributed **more than \$11 million** to charitable support and public service. These funds have a significant impact on health improvement groups, local civic improvement organizations and public service activities.
